

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Add Item

Scenario: User clicks the "+" button to add an item

Given the user is on the shopping list page

When the user clicks the "+" button

Then a new item should appear in the list

And the item count should increase by 1.

Feature: Maximum Items Reached

Scenario: User clicks the "+" button when the maximum items are reached

Given the user is on the shopping list page

And the maximum number of items have already been added

When the user clicks the "+" button

Then a warning message should be displayed

And the item count should not increase

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Remove Item

Scenario: User clicks the "-" button to remove an item

Given the user is on the shopping list page

And there are items in the list

When the user clicks the "-" button next to an item

Then the selected item should be removed from the list

And the item count should decrease by 1.

Feature: No Items to Remove

Scenario: User clicks the "-" button when there are no items

Given the user is on the shopping list page

And there are no items in the list

When the user clicks the "-" button

Then nothing should happen

And the item count should remain at 0
